

SAVE THE DATE 18-20 Sept. TANKWA TRAINING & ORIENTATION.

As announced that due to the Covid uncertainties the 5th Tankwa Cross Country is postponed to 2021. However to ensure continuity and sustainability for Participants, Teams, Organisers, Landowners and Sponsors we continue with a QUALITY THREE DAY Training and Orientation event. This will help us all stay focused and prepared for the 5th event in 2021.

It is not a Funride however a real chance to Test your GPS Navigation, Bike Skills, Setup, Endurance and enjoy the Tankwa experience.

Everyone will need to be responsible and adhere to the Covid requirements. We have ample camping space and ablutions to practice safe social distancing avoiding gatherings.

Provisional Program:

Thursday Evening (17th) Compulsory Scrutineering & compulsory GPS. Scrutineering form will be update at our Website.

Day 1 (18th Sept) approx. 160 – 200Km

Day 2 (19th) approx. 300Km

Day 3 (20th) approx. 110km

Scoring will be via a points system of route checks, specific way points and speed zone checks.

Successful finishers will receive a Tankwa XC Certificate.

Please Note that entrant will need to be reasonably capable and classes for big wheel bike 125cc upwards.

For Juniors we advise that should there enough interest we could possibly arrange a “fathers & Sons” type of weekend later in the year. At this time, in these circumstances we cannot split tracks and teams (requires too many people) to accommodate 65/85 cc, also all the tracks remain unmarked for this Training and Orientation.

Total Entries are planned for capped at 35.

Booking forms will be up at www.capexcountry.co.za by Friday this week.

Booking forms will include camping fees & meal packages.

We thank all providers, helpers, participants and our sponsors for their patience.

We look forward to seeing you all again.

Cape X Country regards
